

Services

Ultimate Shade Services

TURN-KEY SOLUTIONS • CONCEPT THROUGH CONSTRUCTION • SATISFACTION GUARANTEED

CONSULTATION

Access to shade industry experts that will consult with you on every phase of your project. Let's work smarter – together!

DESIGN & SUN STUDIES

Our design experts can start with a blank canvas or assist in qualifying architectural & engineering drawings. We can turn ideas into reality.

BUDGET & ESTIMATING

We are the best in the industry at creative Value Engineering. Give us a call and we'll work together to develop a plan within budget that exceeds your shade objectives.

PERMIT ASSISTANCE

Dealing with City/County Planning Groups can be a daunting task. Our permit specialists are available to assist & answer any questions you might have and can submit for permits on your behalf.

ENGINEERING & SUBMITTALS

Our engineering team has the unique expertise & experience when dealing with tension canopies. They are certified in 48 States and have keen understanding of local & national building code requirements.

PROJECT MANAGEMENT

The devil is in the details and our PM's get engaged from day one to ensure all of your questions are answered in a timely

manner and project comes in on time and at or under budget.

MANUFACTURING / FABRICATION

MADE IN USA / BUY AZ – fabrication for steel and canopies takes place at our facility in Tempe, AZ. We “own” quality control from start to finish. It’s important to ask the question to prospective project partners – do you actually do the fabrication or do you outsource the work?

POWDER COATING / FINISHES

You have several options when it comes to steel finishes. You can request steel in natural state for a rustic look, go the economical route of primer only and paint yourself, or select most common option of commercial grade powder coat (rust proof) finish with standard or designer colors as an upgrade.

CONSTRUCTION / INSTALLATION

Our construction crews have combined experience of over 150 years with expertise including drilling & excavation, concrete and cement finishing, and unique techniques of rigging & tension of tensile structures. All are passionate about quality workmanship and customer satisfaction. You’ll enjoy working with the team.

MAINTENANCE / WARRANTY SUPPORT

Standard manufactures warranties are supported 100% and we also offer insight and/or can perform routine maintained to extend life expectancy of your shade systems. Ask about our Preventative Maintenance Program (PMP) guaranteed to extend the life expectancy of your shade systems.

WE ALSO OFFER . . .

Canopy Repair & Replacement
Structural Analysis on existing foundations and frames
System Removal or Relocation
Extended Warranties
Cleaning & Maintenance
