

Why Ultimate Shade

Why Ultimate Shade?

- We LOVE what we do and our team's pride of ownership shows in our project deliverables and customer sat reports.
- Focus on BEST VALUE – our Value Engineering (VE) creativity is where we outpace our competition every time ensuring you get the best value and results for your investment.
- Creative layouts, smart procurement practices, and streamlined installation execution result in significant cost savings.
- Commercial grade, best in class materials and methodologies are used on every project regardless of sizes.
- We work hard to earn your business and exceed your expectations from the very first contact through project completion and warranty support.
- No “one-size fits all” here. We carefully listen to your vision and objectives, ask questions and design solutions and alternatives – together.
- Our robust product options from pool cabanas to airplane hangars, retail awnings to custom umbrellas. If we have not designed & installed it yet, we want to – so give us a call!
